

Concrete Cityscapes tegel is een design buitentegel naar het ontwerp van Studio Allt, geïnspireerd op het werk van M.C. Escher. Met de tegel kan iedereen zijn eigen ontwerp maken. Het bijzondere aan de tegel is dat er kronkel-paden en terrassen met grillige geometrische vormen kunnen worden gecreëerd. De Cityscapes zijn zeer duurzaam en geschikt voor intensief gebruik. Ze zijn weer bestendig en gripvast. Geschikt voor openbare ruimten, tuinen, terrassen en paden.

## CITYSCAPES CARPETS

Cityscapes is a modular, tiled carpet or wall application made of high quality materials, designed by Allt Studio. The geometrical tiles enable you to create your own personally designed rug: size and shape are easily adaptable to your individual interior wishes.

The Original inspiration for the designers was to develop a carpet that could be assembled, a bit like building a house of bricks. The identical parts can be assembled into a complex pattern to create a seemingly urban environment.

## CITYSCAPES WOOLFELT FEATURES

Sound absorbing • insulating • fire-retardant • shape, size and colors are easy to customize  
Acoustic Wall carpet • Acoustic Floor carpet

*Dimensions:* 40 tiles carpet is about 1,5 m2  
*(This is the minimal size that is attainable with the respective number of tiles.  
The actual size of the carpet depends on how the tiles are assembled.)*

*One tile:* 360 x 280 x 9 mm  
*Material:* 100% woolfelt, rubber underlayer  
*Weight:* 0,3 kg. (per tile)

## REDEFINING RECYCLED DESIGN

Studio Mae is making design circular by using recycled resources and re-use materials that do not have a recycling process. Production of Mae's complete collection is done in The Netherlands. We have a special Circular collection in Carpets and Concrete tiles.

Circular Cityscapes Carpet is designed with a story. The material is made from old clothes, from regular clothes to old uniforms. Depending on the color, you will receive a Cityscapes carpet made from recycled army uniforms if you choose defense green, flight attendant uniforms if you pick sky blue or recycled black clothes for the circular black carpet. The circular rug is curated by i-did.
